

Chapter 7

The Breakthrough

Three men in suits, one looking at a laptop screen, likely a meeting or office scene.

ANDREW CARNEGIE

Andrew Carnegie was a prominent American industrialist and philanthropist. He is known for his contributions to the steel industry and his extensive philanthropic work.

ROBERT CARNEGIE

Andrew Carnegie

Andrew Carnegie was a prominent American industrialist and philanthropist. He is known for his contributions to the steel industry and his extensive philanthropic work.

Created by Scenory

Failure felt absolute. Ethan was lost, drowning in a sea of self-doubt and regret.

A forgotten promise. Carnegie's words,
faint echo of a brighter past.

The words resonated. A flicker of understanding pierced through the darkness."

**He had done it before. The memory
success, a forgotten strength.**

**I am capable. I am worthy.
I will succeed succeed.
The power of belief.**

**Fear was the
enemy. Ethan
choose belief.
A new path
began.**

The city awaited.
Ethan was ready.
A future built on belief.
